Certified Professional Endorsement for Prior Lifelong Learning & Experience

European Union Funded Erasmus Project

UK one of Professional Body UK- Certified Knowledge Association (UKCKA) had a privilege to host the **Second International Meeting on the HACCP Project in their office in UK**. This Project is being funded by the **Republic of Turkey Ministry for EU Affairs, Turkey Centre for EU Education and Youth Programmes (Turkish National Agency)**. This event is specifically to learn and understand the concept on **HACCP Training Modules on Food and Feed Safety in the Light of European Standards**.

This event was hosted in London between **6-10 July 2017**, by **UKCKA** in partnership with **Eskişehir Directorate of Provincial Food Agriculture and Livestock, Ankara University, Euro-Cert European Academy, Germany and Slovak University of Agriculture in Nitra**.

The Establishment of HACCP Training Modules on Food and Feed Safety in the Light of European Standards- Best Food` (2016 -1-TR01-KA202-034381) was held.

The general aims of this project were:

- 1) To visit the meat and dairies in the city London/UK and to show the work under supervision;
- 2) communicate information and share experiences through HACCP procedures;
- 3) To jointly develop and determine the contents of the ICT training module and the general functions of the website www.bestfood-haccp.com as part of the project;
- 4) To determine the contents and names for 35 courses / modules.

In this context, 5 meat markets, 5 restaurants and 5 hotel's restaurants were visited. Within the scope of the project, the roles and responsibilities of all partners were identified and the project process defined. On the basis of the EU legislation, the following training modules have been developed and adapted:

- ◆ Regulation (EC) No 178/2002 on laying down the general principles and requirements of food law, establishing the European Food Safety Authority and laying down procedures in matters of food safety.
- ◆ Regulation (EC) No 183 / 2005 on the hygiene and feedstuffs
- ◆ Regulation (EC) No 853/2004 laying down specific hygiene rules for food of animal origin.
- ◆ Regulation (EC) No 854/2004 laying down specific rules for the organisation of official controls on products of animal origin intended for human consumption.
- ◆ Regulation (EC) No 852/2004 on the hygiene of foodstuffs
- ◆ Regulation (EC) No 882/2004 on official controls performed to ensure the verification of compliance with feed and food law, animal health and animal welfare rules.
- ◆ Other legislation related to HACCP

Participants were very satisfied with the event organised by UKCKA and they felt that, the time well spend to learn the system that, is in place in Great Britain.

PRESS RELEASE

Our project, **Development of Education Moduls for Railway Passenger Service Systems** (TCDD Demiryolu Yolcu Servis Sistemlerinde Eğitim Modüllerinin Geliştirilmesi) which is funded by The European Commission and Ministry of European Union (EU) Affairs, within the scope of the Erasmus+ Professional training joint strategy programme, conducted in partnership with our organisation “Ulusal Ajans” (www.ua.gov.tr) in accordance with agreement no. 2017-1-TR01-KA202-046496, has been granted funding.

This project aims to develop the skills and knowledge of those working in EU countries in the rail systems sector, in such fields as passenger services, information, passenger security, catering services, transfer of passengers and luggage, station and in-carriage direction and emergencies. The goals of our project are to increase skills with our partners in EU countries within the European Qualifications Framework, to establish joint professional standards in this field, to launch cooperation between EU countries and the Railways Directorate in our country, to develop innovative training modules for use throughout Europe and to carry out pilot schemes directed at target groups and to generalise the outcomes of the project in Europe and in our country. We can list our activities as determining professional standards in the rail systems in EU countries, the preparation of training modules, strengthening cooperation, knowledge and experience between organisations in the rail systems sector in EU countries, and the development of joint professional training and certification in EU countries.

With this work, amongst the goals of our project are the formation of a Rail Systems Passenger Services programme within the structure of the Anadolu University Transportation Vocational High School in order to enhance the quality of administration of our country's rail system, with new methods, to improve passenger services, enable competition and speed up harmonisation with EU standards and determine joint standards with EU countries. Additionally it is a goal of our project to prepare training modules and for our institutions to gain an international dimension.

The project will be carried out jointly by the Eurocert-DE, Ceipes-IT, UK-Certified Knowledge Association, İlksem Mühendislik and TCDD Taşımacılık A.Ş under the coordination of the Anadolu University Transportation Vocational High School and will last for 36 months between 2017 and 2020. We attach great importance to this project on account of the sound vision and road map it provides for passenger services in the rail systems field in EU countries.

This project is executed with 1981 UK Professional Body UK Certified Knowledge Association (UK-CKA).
